

APESMA

The Association of Professional Engineers, Scientists & Managers, Australia

2005 Visit to 4th Year Students

The association is providing a guest lecture on the industrial relations system and employment issues for final year students. This lecture will address issues of particular importance and interest to graduating students – issues such as employment contracts, minimum entitlements and market salaries.

8 ways APESMA helps you ...

1. National employment service
2. Work experience guidelines and advice
3. Graduate salaries and conditions
4. Employment contract advice
5. Individual assistance on employment matters
6. Publications
